

SCI 199Y: Random Walks and Mathematical Discovery

Discussion question, week 12.

Choose a partner.

With your partner, exchange the following information:

- your name;
- where you're from;
- your intended major field of study;
- your chosen "category" (testimonial, critical, research, mathematical, or experimental) for your Minor Paper;
- your chosen topic for your Minor Paper;
- some details about what you will say in your Minor Paper.

Note that you will then have to present your partner's information to the whole class.

Assignment for next week:

Work on your Minor Paper, which is due this coming Monday, Dec. 2, at 4:00 p.m., in my office (Sid Smith 6011).

(No reading assignment.)
